Reaction:	Clean at the front of the lane with a sharp angular motion at the breakpoint.		

Introducing The Break™ featuring S70 coverstock designed to provide bowlers with a strong solid reactive coverstock for today's lane conditions. The S70 coverstock provides bowlers with a benchmark ball designed to be the first ball out of their bag. The S70 coverstock features resin with durability enhancing additives, and uses a numeric rating system. (S10 - S90 most aggressive)
