

THE EAGLE

Your Best Bet In Reno

Are you looking for the perfect ball to use at the 2011 USBC Open Championships in Reno? Last season it was the Break Out that proved to be the solution for the demanding lane patterns used at the National Bowling Stadium during the Masters and Open Championships. Both event champions used a Break Out!

This season we've duplicated that performance and gave the ball a fitting name..... THE EAGLE! The EAGLE utilizes the same low RG Break Out core along with our top selling S70 cover that produced all of the big paydays last season.

As an extra incentive get rewarded for throwing the EAGLE! 900 Global is providing a \$5,000 prize fund for the top 5 games bowled with our EAGLE during the 2011 Open Championships. Stop by the 900 Global booth or visit 900Global.com for details.

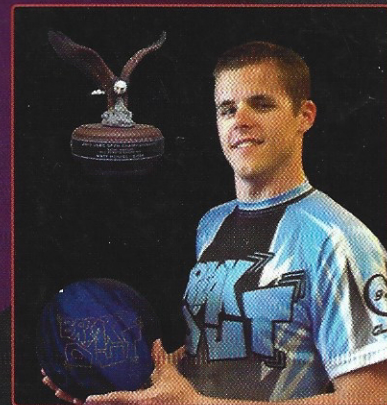

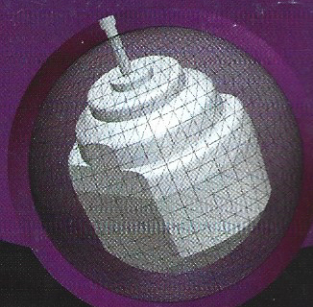

\$5,000 Prize Fund*

- 1st - \$2,500
- 2nd - \$1,000
