

Information Sheet

Power Blitz Purple

Specifications

16lb-2Part design, with 1 part core
15lb-3Part design, with 2-part multi-density core
12-14lbs-3Part design, with 2-part compound core
10-11lbs 2Part design, with 1-part spherical offset core
PowrKoil18
Medium Polished
Hook Potential: 17-9 (dull/shiny)
Typical Length: 3
Typical Backend: 10
Center/Cover Heavy: 2.7
Track Flare Potential: 5.7

Reaction Characteristics

In the all new **Power Blitz** series, Brunswick engineers have combined superior technology used to develop the most dominate high performance line in the world and created two new high performance balls designed to give bowlers the edge needed on the lanes without making a huge dent in their salary cap.

The Power Blitz Purple is an even arcing ball that is excellent for use on medium oily to medium dry lane conditions and for the entire spectrum of today's bowlers.

Notes on Drilling

All weights of the **Power Blitz** can be drilled using the techniques developed for two-piece balls. See Brunswick's "Seven Popular Layouts" for detailed drilling information.
