

Who Says There's No *Justice* in Bowling?

Judge Justice 30 60 90 120 150 180 210 240 270

AMF™ proudly presents its new line of mid-plus performance bowling balls – Justice™ and Justice™ Pearl. Each is an outstanding performer and a terrific value.

Justice™ is a solid, medium-loaded particle ball with a break point that's easy to read. Control and predictability are its trademarks.

Justice™ Pearl is a resin ball with no particle added to the coverstock. This ball performs best on shorter oil patterns. It's the perfect choice for players with high rev rates, better known as the "boys with big hands."
