

THE YELLOW DOT. STILL THE PREMIER BALL.

And it keeps on winning. Tournament after tournament.

Since the Yellow Dot was first introduced in 1974, it has been the clear-cut preference of pros and amateurs from coast to coast. They trust the Yellow Dot for unparalleled performance on all lane conditions.

In the heat of competition, there's no other ball in the world that wins as consistently as the Yellow Dot.

The leading member of the First Family of bowling.

The Columbia 300 Family of Dots.
