

SUPER TROOPER

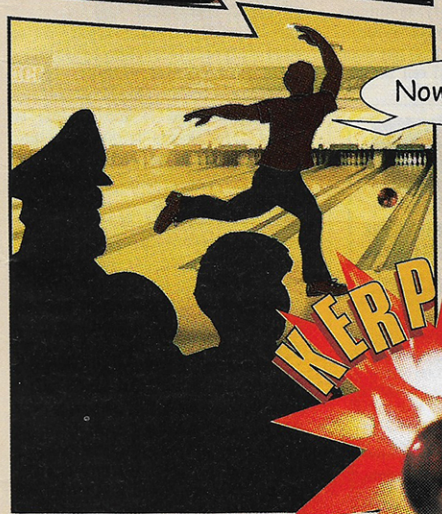

Wow, our team's losing bad.
What are we gonna do?

This should pull your game
out of the Gutter!

Super Trooper!

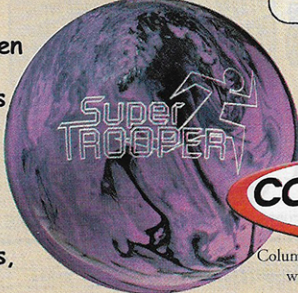

Now I'm rollin'

Now you're
in a league
of your own.

Super Trooper™ saves the day! Its controlled performance inspires even the casual bowler. With the extremely popular Rock On™ core body, no flip blocks and a lower Rg to create less flare. Count on an earlier roll with a smooth backend reaction. Its Super-Flex™ coverstock is impressively sharp in polished black/violet with silver sparkle logo. And a great value to boot. Territorial on medium to dry lanes, this Super Trooper plays for keeps.
