

## Put The Performance Back Into Your Proactive™

Is wear robbing your Proactive's performance? Ask your pro shop about the Brunswick Finishing System featuring 3M™ Trizact™ Abrasives. It can revitalize all Brunswick Proactive coverstocks, giving you the performance you want and even return newer Brunswick Proactive balls to their original out-of-the-box finish if desired. All you need is a Brunswick Proactive high-performance ball. All your pro shop needs is the new Brunswick Finishing System featuring Trizact Abrasives. Ask for it by name.
