

*Dyno-thane is starting off 2005 with new ENERGY™ ... literally, this is the first ball of a series in a brand new line. The ENERGY™ introduces the all new POP™ (Polar Opposite Powerblocks™) core and the Soaker ATC™ (All Terrain Coverstock™).*

*The power blocks that make up the POP™ work together to gain momentum with every revolution producing a powerful backend reaction. The unique combination within the ENERGY™ will provide a new level of versatility and hitting power to your game.*
