

STORM

THE BOWLER'S COMPANY™

Wail on 'em!

It is known in folklore legend that a Banshee™ comes to your door wailing and screaming its warning that a death of a family member is at hand... in this case, it's the erasing of ten family members!

The all new Eraser Banshee™ has a menacing Inverted Multi-Density with Power Mass™ technology core and then cloaks it with the legendary MONSOON™ coverstock that goes long and has a screaming backend.
