

Unleash your game.

Roll a Rhino.™

Professional and high performance bowlers now have a new and tested way to defy the law. The law of physics.

Introducing the new Rhino from Brunswick. Turn it loose and watch it crash through the pocket without deflection.

And that's just for starters. There's more.

With a thick hide of 100% urethane, the Brunswick Rhino comes in three breeds (and colors) to match your style and lane conditions, to really bring out the animal in your game.

BLACK: goes long and hooks late; superb for light to medium oily lane conditions.

GREY: a mid-range hook; perfect for medium to oily lane conditions. **WINE:** hooks early; excellent for oily lane conditions.

So, consider rolling all three Rhinos of your own.

Each Brunswick

Rhino has a different urethane formulation – proven and accepted by touring professionals – for the one purpose of creating an endangered species: the number five pin.
