

STATEMENT PEARL

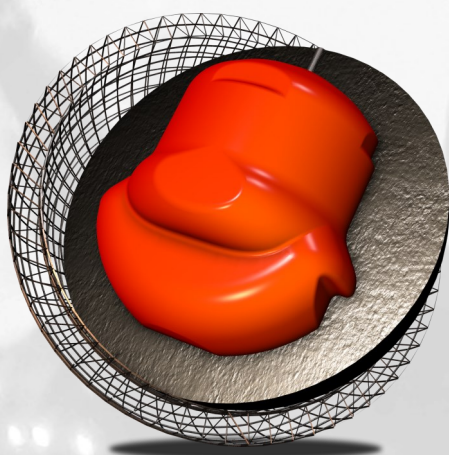

Nothing Hits Like A Hammer.®

MAKE A STATEMENT!!!

Because sometimes, winning just isn't enough!

AGGRESSION PEARL CFI

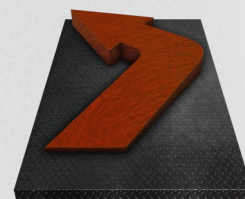

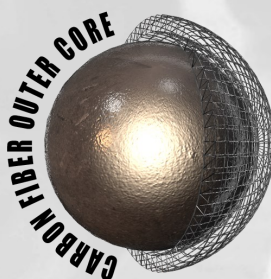

Aggression Pearl CFI is the most responsive coverstock Hammer currently offers. Combined with a 500/1000 polished finish, you can expect good length through the front of the lane with an incredibly aggressive backend motion from the Statement Pearl.

STATEMENT

The Statement core is a very low RG, high differential, strong asymmetric core designed to rev up in the heaviest of oils. Its intricate design has the majority of the mass located at the bottom of the core which will help this core retain as much energy as possible.

CARBON FIBER **INFUSED**
3 YEAR WARRANTY
