**dirty bomb** //

1. A nuclear warhead designed to produce a great amount of radioactive debris by use of fusion core, fission trigger, and casing of uranium-238.
2. A sinister Weapon of Mass Destruction created by Lane #1 and favored by ruthless, cut-throat, downright blood-thirsty bowlers worldwide.
  - a. Capable of cataclysmic destruction, it features a deadly RadioActive pearl resin casing. Inside this outer casing comes their patented diamond core with a high density flip block and atomic nugget.
  - b. An extended long range weapon, it savagely flips, hooks and corners hard as it viciously explodes on the backend destroying pins far and wide.
  - c. NOT for the big hearted, fair-minded, humane, milque toast bowler.
