

**A whole new set
of tricks.**

INTRODUCING RAZZLE AND DAZZLE. We've got something up our sleeve. The Eagle Group has put together a couple of surprises that will do it all. You asked for a ball that will cover medium to dry lane conditions...let us RazZzle you! You wanted a ball to take on medium to oily lanes...we will DaZzle you! Both have Super-Flex™ coverstock which generates a powerful backend reaction.

RazZzle...DaZzle, now you have something up your sleeve.

Eagle Group
