

# PRICED TO MOVE

LIKE A RAMPAGING  
RHINO DOWN THE LANE,  
CRASHING THROUGH  
THE PINS WITH THE  
PULVERIZING POWER  
OF THE HARDEST-  
CHARGING BALL  
IN BOWLING HISTORY.

## WE'VE LOWERED THE PRICE ON THE ENTIRE RHINO™ LINE!

It's the same line that changed bowling forever—the only thing that's changed is the price. So pick the right Rhino for you:

**RHINO PRO T2**

Rhino Pro T2—T2 is the terror on the boards, with a hook potential of 16 to 9. And it just rolled into your budget.

**RHINO PRO**

Rhino Pro: Legendary Teal and the new Pearl and Brute—3 powerful Pros, with hooks ranging from 14 to 4 (dull/shiny). All priced lower than ever.

**RU RHINO**

RU Rhino—RU ready? RU sure? RU delivers an untouchable power-producing design, priced within your reach...and a hook from 12 to 5.

**RHINO**

Try the original Black or new Dusty Blue urethane, or a plastic Rhino (in 6 colors) as a league, spare or kid's ball. Rhino Still Reigns—for less.

**Brunswick®** 

Bowling Is Sold On Brunswick. Worldwide.
