

While in Reno be sure to bowl the  
Bowlers Journal Championships  
at the new Grand Sierra resort.

THE BOWLER'S COMPANY™

MADE IN THE USA

## THE SHIFT IS HAPPENING.

The *Shift*™ is more than just the first release in our new *Premier* Line; it is our finest engineering achievement. The innovative *Shape-Lock*™ asymmetrical core system is encased within the newly formulated R2S™ Pearl Particle coverstock. When combined, the *Shift*™ flies through the heads, produces excellent mid-lane transition and finally makes a massive shift to the pocket.

See the *Shift*™ in action at [www.stormbowling.com/theshift](http://www.stormbowling.com/theshift)
