

The Mystery Lives On!

THE
THING
LIVES

The Thing™ had a very strong mid lane roll, then it *Returns* to react more on the back end, but now it has mutated into something much more powerful... THE THING LIVES™!

The metamorphosis of the original Soaker™ coverstock has spawned the all new, even more aggressive *Soaker X™*. Combined with the equally aggressive Tri-Power™ weight block, *The Thing Lives™* will give you the power of intimidating your competition and conquering medium to heavy oiled lanes.

LIVE or Die... It's your choice!
