

JOURNEY

TO THE UNKNOWN

Roto Grip was founded in 1955.
"King of them All" for 50 years
and still going strong.

Once again Roto Grip® delivers exceptional performance that far exceeds the price with the introduction of the Venus™. We bring you a light loaded particle pearl coverstock (Sure Grip II™ pearl particle - 1%) for enhanced traction on those lane conditions that have more volume in the front of the lane, but the overall pattern is shorter.

The Orbiter™ core with its oversized body and flip blocks provides far superior ball motion than all the competition combined. This synergy of coverstock and core is definitely another WINNER from Roto Grip®.
