

**Aggressive by nature...unequaled in power,  
there is no competition for a Gargoyle.**

The new Violet Gargoyle utilizes a solid reactive coverstock in combination with the highly successful Gargoyle core design to create a strong midlane roll with very aggressive backends. When the Green Pearl Gargoyle is going too long, pull out the Violet Gargoyle and begin striking at will. With an MSRP of \$149 this is the mid-price ball that all others will be compared to.
