VITAL SIGN

The all new Ebonite Vital Sign breaks the mold on previous Ebonite upper-mid priced products. Our R & D Team designed a new core, that is asymmetrical, and wrapped around the new core is our Flexol Super Plus veneer. The result is an extremely versatile ball, for all styles of play. The Vital Sign is extremely easy to drill and comes in a very unique Black/Red/Orange color combination that is sure to bring attention to those that are looking to attack. Save your game, with the Ebonite Vital Sign.
