

PREFERENCE OF PROS.

Since its debut in 1975, the Yellow Dot has broken records in circuits around the world. It's been the most popular ball on the PBA tour over the last eight years. And the clear-cut preference of pros and league bowlers everywhere.

Columbia 300 research and development continues to position the Yellow Dot as the best buy for a high performance ball.

12, 13, 14, 15, 16 lbs.
