*A Robby's*™

PRODUCT CATALOG  
2005 - 2006

**WHEN YOU'RE BOWLING WITH CONFIDENCE,** you're bowling with a competitive edge. You're focused. Determined. It's a winning attitude that takes your game to the next level. That's what Robby's brings to your game. Putting proven quality on your side, there's no doubt in your bowling game.

**ROBBY'S REVS I**

**MODEL #420**

The Robby's Revs I features extended finger support that provides maximum power for oilier lane conditions. Lateral adjustments allow your hand to be in position to alter the amount of forward roll and spin on the ball. Four forward wrist-cup positions allow for rev control.

*Robby's Revs I is available for right or left hand, in small, medium, large and extra-large.*

**ROBBY'S REVS II**

**MODEL #422**

The Robby's Revs II features a shorter design to provide medium power for light to medium lane oil conditions. Lateral adjustments allow your hand to be in position to alter the amount of forward roll and spin on the ball. Four forward wrist-cup positions allow for rev control.

*Robby's Revs II is available for right or left hand, in small, medium, large and extra-large.*

**ROBBY'S REVS III**

**MODEL #423**

The Robby's Revs III features an extended index finger to accentuate the wrist rotation through the release to create increased length and back-end hook angle by creating more side roll. Lateral adjustments allow your hand to be in position to alter the amount of forward roll and spin on the ball. Four forward wrist-cup positions allow for rev control.

*Robby's Rev III is available for right or left hand, in small, medium, large and extra-large.*

**ROBBY'S REVS SERIES**

The Robby's Revs series is the standard in lightweight, adjustable power. Made of feather-light duraluminum, the Robby's Revs are a breakthrough in wrist support because they adjust to your needs. Each of the three Revs designs are easily adjusted to different lateral positions controlling the amount of forward roll and spin and to the four different cupped positions for rev control.

**HOW TO FIT IT.**

Put the finger strap in place, then slide fingers in with the back of the hand against the foam lining. Tighten wrist strap for comfort. Use multiple positions to adjust vertical and horizontal angles to desired release position.

## **BANDIT® THERAPEUTIC FOREARM BAND**

MODEL #700

Designed by an orthopedic surgeon and sports medicine specialist, this safe, non-invasive device helps the body heal itself of minor wrist and forearm pain. BandIT® stimulates the body's natural healing processes by reducing inflammation and muscle spasms, increasing blood flow and gently warming the pain site. BandIT® relieves pain without cutting off circulation, interfering with movement or causing uncomfortable swelling. One size fits most.

## **BANDIT® XM THERAPEUTIC FOREARM BAND (MAGNETIC)**

MODEL #710

BandIT® XM aids in the relief of pain associated with repetitive stress injuries. It works as a gentle shock absorber that helps relax the forearm, muscles and tendons. It acts as a dynamic pump that increases circulation and reduces muscle spasm and inflammation. This safe, non-invasive magnetic device helps the body naturally heal itself of minor wrist and forearm pain. It may be worn comfortably for long periods of time. One size fits most.

*Magnetic products should not be used if pregnant or if fitted with cardiac pacemakers and/or automatic defibrillators. Keep away from magnetically stored data i.e. computers, disks, credit cards, etc.*

## **KNEEDIT® THERAPEUTIC KNEE GUARD**

MODEL #720

KneedIT® targets the cause of pain associated with repetitive stress injuries to the knee. This innovative device is scientifically designed to assist in the relief of minor knee pain associated with tendonitis and arthritis by gently absorbing force at the knee and exerting concentrated compression and warmth across the soft tissue in front of the knee. KneedIT® may be used along with traditional treatments such as taping or wrapping. One size fits most.

## **KNEEDIT® XM THERAPEUTIC KNEE GUARD (MAGNETIC)**

MODEL #730

KneedIT® XM's patented magnetic design works with the motion of your knee. As you move, KneedIT® XM gently applies pressure to the joint liner and tendons of the knee to help pump soreness away. KneedIT® XM is a safe, natural, non-invasive alternative that helps the body heal itself of minor discomfort and easily adjusts for comfort. One size fits most.

*Magnetic products should not be used if pregnant or if fitted with cardiac pacemakers and/or automatic defibrillators. Keep away from magnetically stored data i.e. computers, disks, credit cards, etc.*

## **SUPPORTS**

As a long-time consultant to Olympic athletes, members of the Davis Cup and other professional sports teams, world renowned orthopaedic surgeon and sports medicine specialist, Dr. Donald Fareed M.D., designed BandIT® based on 20 years of clinical observation and treatment of repetitive stress injuries.

## ROBBY'S WRIST SUPPORTS

### HOW TO FIT

Slip thumb into thumbhole. Top of the hole should rest comfortably between thumb and index finger. Use two center fingers to hold curved metal in place in palm of hand. Reach under and "walk" center strap around hand, up to hook-and-loop material.

To fasten back strap, press back slightly so back metal end rests against wrist. Bring back strap around and up to hook-and-loop material. Affix top strap in the same way without relaxing pressure. Adjust all three straps as necessary for comfort. Avoid pulling back or down on the Automatic Positioner unit. It needs to be loose across the thumbhole for proper placement.

All wrist supports are available for right or left hands in petite, small, medium, large and extra large sizes.

### ROBBY'S VINYL ORIGINAL

MODEL #100

Robby's Automatic Positioner is specially designed to help you throw a ball with precision, accuracy and power. When set with the thumb on top of the ball, the Original produces the normal 11 o'clock – 5 o'clock position, enabling the ball to swing out in a true pendulum. At the bottom of the pendulum swing, the Original supports your wrist and lets the thumb release cleanly. Both back and front metal supports maximize wrist strength while allowing the ideal wrist angle for superb delivery.

*Choose from Stars 'N' Strikes, brown, blue or red styles. Right or left hand available in petite, small, medium, large and extra-large sizes.*

### ROBBY'S RESPONSE

MODEL #108

Bowlers, instructors and pro shop operators! You asked for it, and here's Robby's Response. The soft leather-like vinyl pads the hand while the additional length provides extra support for a stronger release. Plus, there's a single straight metal support in back and no metal in front to restrict movement just as you requested.

*Choose from blue, burgundy or brown.*

*Right or left hand available in petite, small, medium, large and extra-large sizes.*

**EXPERIENCE PAYS OFF IN PRESSURE SITUATIONS.** The more experience you have, the more confidence is on your side. Working with experienced professionals that know what it takes to reach victory lane, the complete line of Robby's products is designed with the competitive bowler in mind.

**ROBBY'S LEATHER ORIGINAL**

MODEL #110

The ultimate in durability and comfort. Robby's Leather Original has all the outstanding features of the Vinyl Original, with all the benefits that only leather provides. Increased durability means more strikes for your money. The soft feel of these leather supports almost feels like a second skin, so you can concentrate on what's in your hand instead of what's on it.

*Right or left hand available in petite, small, medium, large and extra-large sizes.*

**ROBBY'S LEATHER PLUS**

MODEL #210

Robby's Leather Plus has all the outstanding features of Robby's Leather Original plus a straight metal support that is even longer. The added length and strength ensures a straight forearm with added support that translates into an even stronger release position.

*Right or left hand available in petite, small, medium, large and extra-large sizes.*

**ROBBY'S COOL-MAX ORIGINAL**

MODEL #120 BLACK  
MODEL #121 BLACK/BLUE

Cool comfort wins, hands down. Here's the Robby's Cool-Max featuring a remarkable fabric that's like a personal air conditioner. It actually draws moisture away from the hand so the heat of performance pressure won't keep you from a spectacular score.

*Choose from black or black and blue. Right or left hand available in petite, small, medium, large and extra-large sizes.*

**ROBBY'S COOL-MAX PLUS**

MODEL #220 BLACK  
MODEL #221 BLACK/BLUE

The fast-drying Cool-Max Plus provides the superior, patented metal support of all Robby's Originals, with the added assurance of dryness and comfort that can offer a competitive edge. The Cool-Max Plus combines the benefits of Robby's Cool-Max with the longer, firmer design of Robby's Plus.

*Choose from black or black and blue. Right or left hand available in petite, small, medium, large and extra-large sizes.*

**ROBBY'S  
COMPETITOR**

**MODEL #650**

The new Robby's Competitor glove provides adjustable wrist support using the metal and plastic inserts. With the metal insert, you get maximum support for a strong release. By using the plastic insert, you get increased mobility of the wrist for increased comfort and support. In addition, the tiny rubber microdots along the fingers and palm provide maximum gripping power and control.

*Right or left hand available in small, medium, large and extra-large.*

**ROBBY'S  
INTIMIDATOR**

**MODEL #550**

Robby's Intimidator features tiny rubber microdots along the fingers and palm to provide maximum gripping power and control. The result is a more powerful, more consistent release.

*Right or left hand available in small, medium, large and extra-large.*

**ROBBY'S  
GLADIATOR**

**MODEL #400**

This 9" by 4" back wrist support keeps the forearm straight and extends over the knuckles for better finger and wrist positioning. Your hand stays behind the ball, giving more forward revs. Develop your own technique with this proven control system. By stroking up on the side of the ball, you gain more side revolutions and increased angle of entry. The finger strap can wrap two, three, or all four fingers to keep them comfortably aligned with the metal support.

*Right or left hand available in petite, small, medium, large and extra-large.*

**A PRO'S TIPS**

**BEGINNING BOWLERS:**  
Robby's Originals (previous pages) are like personal trainers. Use them to strengthen hand and wrist muscles into patterns that produce power, accuracy and consistent performance improvement.

**SEASONED BOWLERS:**  
If you've developed good wrist and hand strength on your own, congratulations! Consider joining other strong players who keep a Robby's Original Automatic Positioner (previous pages) at the ready in their bowling bags. It might just be the edge you need someday in an important competition. And, like a computer pro who always keeps a back-up power source, you'll be glad you came prepared.

## ROBBY'S SURE RELEASE

MODEL #600

The most popular brand for serious bowlers. Sure Release solves the problem of skin irritations due to binding, dragging, hanging or rubbing of the thumb or fingers during release. Use it to prevent or treat a painful, performance-reducing skin irritation. The special packaging filters out fluorescent lights, prolonging shelf life. It's also a great aid for irritations caused by gardening, needlepoint, mechanic work and household repair chores.

*Robby's Sure Release is available in 1/4 fluid ounce bottle with brush applicator and generous supply of patches.*

### HOW TO APPLY ROBBY'S SURE RELEASE:

Simply apply a patch to the area of skin needing protection. Thoroughly moisten the patch and surrounding skin with the transparent liquid. Allow 20 seconds to dry for protection that lasts.

## ROBBY'S ANKLE GUARD

MODEL #612

The Robby's Ankle Guard is another innovative product from the Robby's design team. Wear it to protect the ankle from injury caused by the bowling ball hitting the ankle during the delivery. Made of elastic neoprene, the Robby's Ankle Guard is universal for right and left handed bowlers by simply moving the protective plate to cover the inside of the ankle.

*Available in two sizes—small/medium or large/extra-large.*

## ROBBY'S NO WET SHOE COVER

MODEL #610

Protect your bowling shoes by slipping a pair of these covers over them when you're leaving the lane. They're made of high-quality vinyl with an elastic top to keep water, mud and dirt off your shoes.

*Choose from Stars 'N' Strikes, cow print, red, blue or black.  
Available in small, medium, large, extra-large and double extra-large.  
See size guide for a sure fit.*
