CLASSICS

June 2007

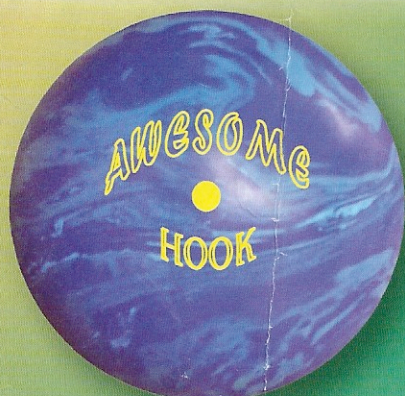

Voted  
Pearl Particle  
Ball of the  
YEAR  
by BJI

Core Type: Vanguard  
Asym. Diff: .029  
60° Spin Time: 5.1 Sec.  
Differential: .053  
RG: 2.492  
Cover: C4 Pearlized Particle  
Flare Potential: Medium / Large  
Factory Finish: Compound  
Color: Blue / Cherry / Yellow  
Weights: 13-16 Pounds

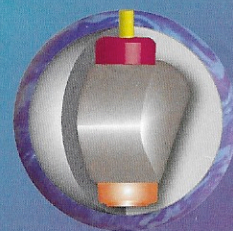

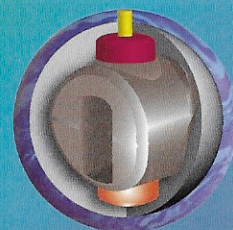

An incredibly **versatile** cover that provides unmatched traction in medium to heavy oil, without sacrificing backend reaction!

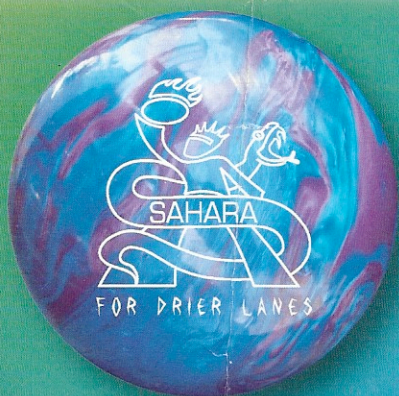

The Industry's  
Largest Hooking  
Ball  
as rated by  
BJI and BTM

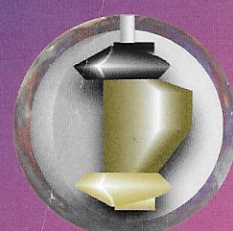

Core Type: Vanguard  
Asym. Diff: .028  
60° Spin Time: 5.1 Sec.  
Differential: .055  
RG: 2.498  
Cover: C4 Enhanced Reactive  
Flare Potential: Large  
Factory Finish: 500 Matte  
Color: Dark Blue / Light Blue  
Weights: 13-16 Pounds

Our most aggressive ball with our largest flare potential makes this one your first choice for **heavier oil**

Core Type: Dual Flip Block  
Asym. Diff: .015  
60° Spin Time: 7.0 Sec.  
Differential: .045  
RG: 2.540  
Cover: Mild Pearl Reactive  
Flare Potential: Medium  
Factory Finish: Polished  
Color: Blue and Purple Pearl  
Weights: 14-16 Pounds

Ideally suited for **lighter oil** and backend control due to less asymmetrical diff. and the mild pearl reactive cover
