LANE #1
Home of the Buzzsaw!

Crystal Diamond Clear Buzzsaw

The Crystal Diamond Clear Buzzsaw shows off its elegance and beauty, featuring its fabulously blue crystal diamond core. Heads will turn when you pull out of your bag the biggest blue diamond the world has ever seen. Your future is clear!

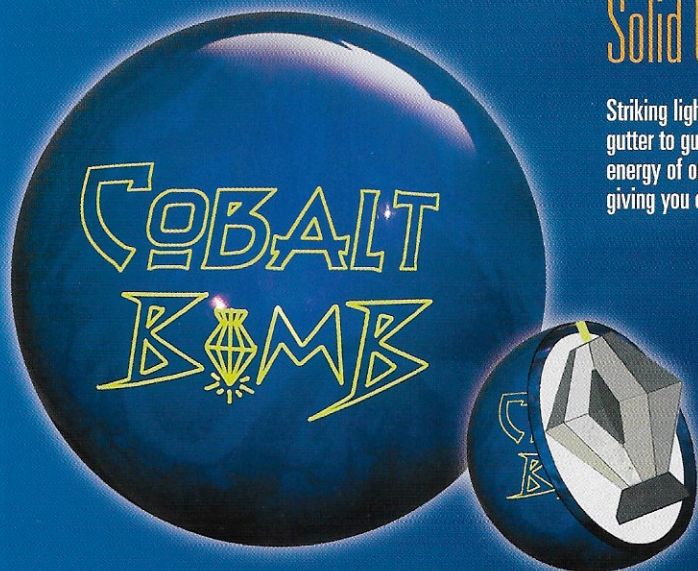

Crystal Diamond Clear Buzzsaw comes in an attractive Lane #1 drawstring bag.

Cobalt Bomb

A new and terrible danger for bowlers worldwide, Lane #1's Cobalt Bomb leaves a wide path of destruction on medium to drier lanes as it glides quicker and flips harder down the lane, destroying pins. More hazardous than Uranium²³⁸ due to its long half life, the Cobalt Bomb gains its energy from the combination of our Domsday Dirty Bomb core with an intensely radioactive Fusion 105 coverstock. An atomic force unmatched in bowling today, the Cobalt Bomb puts the pins and the competition in danger.

Color:	Cobalt Blue/Purple Pearl	Flare Potential:	7"
Cover Stock:	Fusion 105 Resin	Pin Placement:	12 o'clock 1-4" out

Backend Hook:	90%	Available Weights:	13, 14, 15 & 16 lbs.

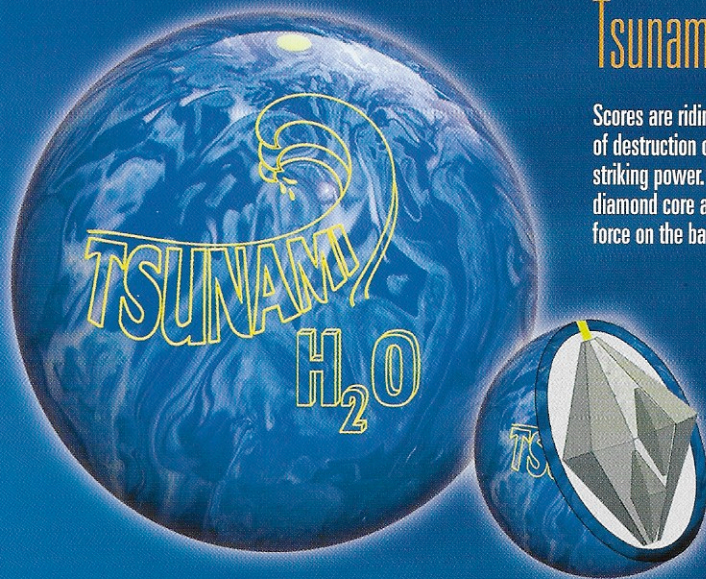

Enriched Uranium

Lane #1 builds its first nuclear power plant. The fuel for this nuclear reactor is our U²³⁵, super dense Uranium core. This higher concentration of dense material is the key ingredient that starts a nuclear reaction at the pins. We've also enriched our pearl Radioactive + coverstock with 3% molecules of particles, diffusing lane oil for more traction. With up to 16lbs. of nuclear power at your fingertips, the Enriched Uranium is an explosion waiting to happen!

Color:	Heavy Metal	Flare Potential:	5" +
Cover Stock:	RadioActive +	Pin Placement:	12 o'clock 1-4" out
Core:	U ²³⁵ Super Dense Patented Diamond	Construction:	Modified 2-piece

Backend Hook:	70%	Available Weights:	13, 14, 15 & 16 lbs.

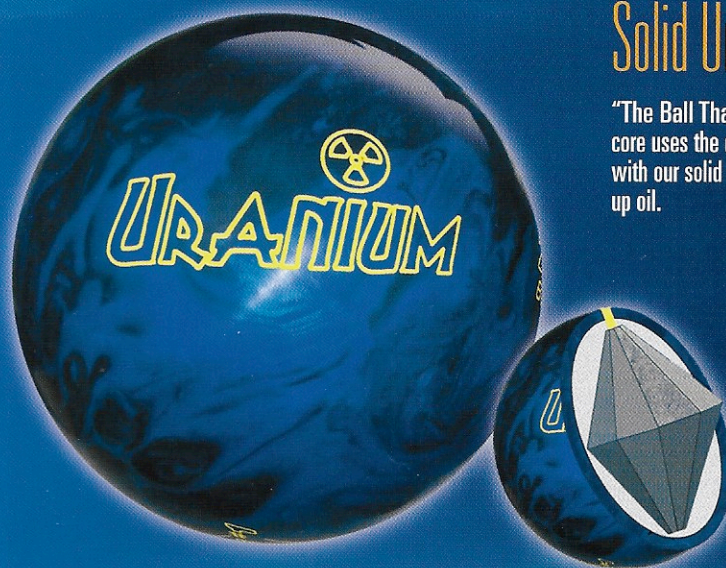

Tsunami H₂O

Scores are riding high on a Tsunami wave of strikes. Lane #1's Tsunami H₂O is a high powered wave of destruction on medium to oily lane conditions, washing out the competition with relentlessly intense striking power. We've combined our highly polished Hybrid +5 reactive resin cover with our patented diamond core and lowered offset mini nuggets to read the midlane quicker, producing a huge wave of force on the backend. Go ahead, ride the Lane #1 wave, and feel the force of the Tsunami H₂O!

Color:	Whitecap Water	Flare Potential:	4"
Cover Stock:	Hybrid Plus 5 RadioActive Reactive Resin	Pin Placement:	12 o'clock 2-4" out
