Super Deluxe Divider bag,  
Yukon men's shoes, Huger ball.

The best coordinated bowlers  
choose AMF matching sets.

## AMF GIVES YOU A CHOICE OF TWO PREMIUM QUALITY, SOFT BALLS:

*If you prefer rubber,*

### Dick Weber Powerball

This ball is not shiny like any other new ball because its soft rubber shell was formulated in a totally different way. The surface has greater porosity. To grab the lane faster, give more roll and greater control to drive harder into the pocket. Deliver it properly and it will deliver more pin action and higher scores for you.

**DICK WEBER POWERBALL** Black Soft Rubber, 15 & 16 lbs.

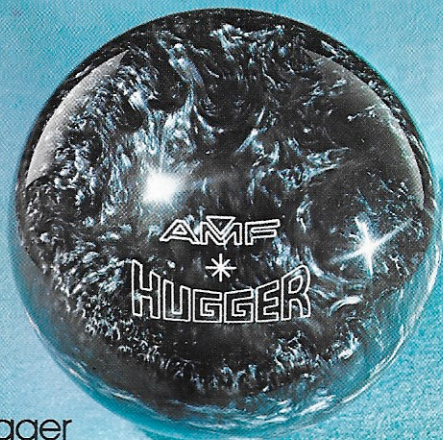

*If you prefer plastic,*

### Pro Classic

Designed with the advice of the AMF Staff of Champions to perform better on today's frequently harder lane conditions. Made of a specially formulated polyester to permit more control, more accuracy and more pin-striking power where ordinary balls might not. Striking iridescent bronze color with the famous three circles and engravings in yellow.

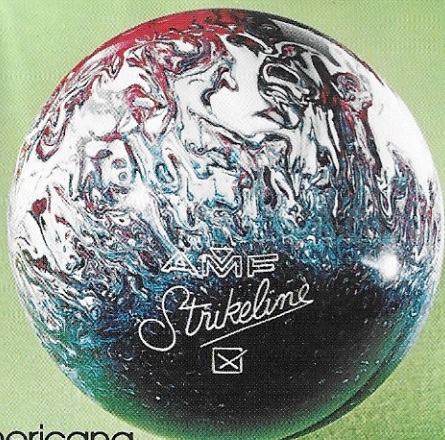

**PRO CLASSIC** Soft Polyester 14, 15 and 16 lbs.

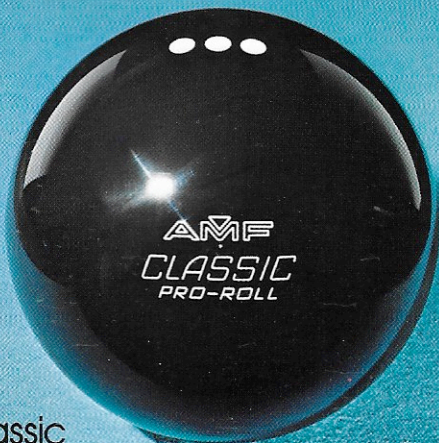

## Hugger

Black Pearlescent Polyester  
14, 15 & 16 lbs.

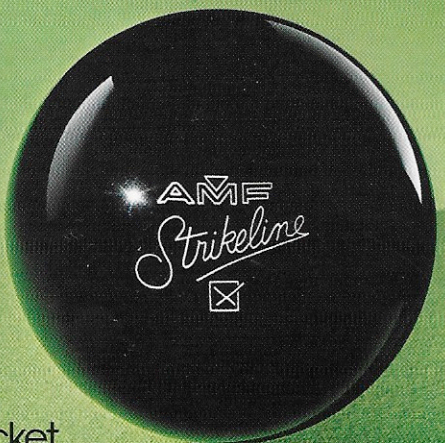

## Americana

Red, White and Blue Polyester  
10, 12 & 13 lbs.

## Classic

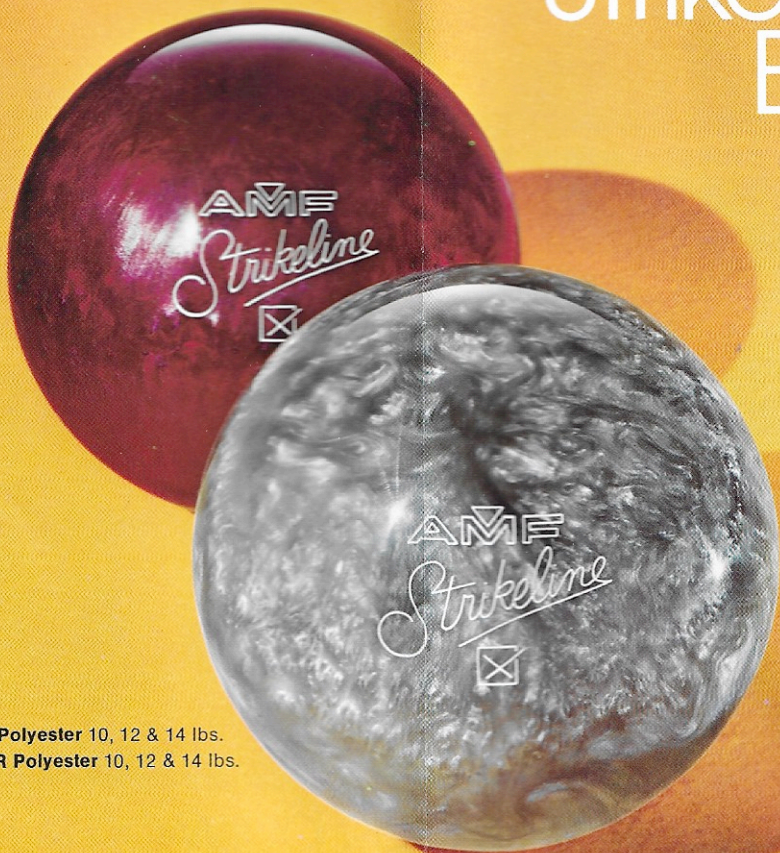

Black Hard Rubber 10, 12,  
13, 14, 15 & 16 lbs.

## Rocket

Black Rubber 8, 10, 12, 13,  
14, 15 & 16 lbs.

# Fit... to bowl with.

Anyone can drill a hole. But it takes a real pro to know how to measure, fit and drill a bowling ball properly — to precisely suit your grip and style of bowling. That's why the AMF balls in this folder are sold only at bowling centers and pro shops.
