"Get in the Zone"

K104-9

White Nature's Hide™ Leather

M7-12/13, Right Hand Only

FEATURING INTERCHANGEABLE VELCRO® SLIDING SOLES FOR ANY APPROACH CONDITIONS.

s8: LONGEST SLIDE

Bowler profile: A "stroker" who wants the longest slide possible. The s8 yellow sole is the standard slide material for performance shoes. (BRN06) Replacement Sole s8

Least Slide

Most Slide

s4: SHORT SLIDE

Bowler profile: A power player or "cranker." The s4 red sole reduces sliding and allows the foot to grab the approach. (BRN03) Replacement Sole s4

DRYSOLE™ VELCRO SLIDE SOLE PROTECTORS

Made of durable vinyl, the DrySole protects your sliding sole whenever you leave the lane – from gum, water or dirt. (BRN07) Replacement DrySole™

Warning: DrySole™ not to be worn while bowling.

Please note: The higher the slide value number, the more slide. If other replacement soles are needed to match conditions and bowler's needs, soles s2 (BRN02), s6 (BRN04) and s7 (BRN05) are available at pro shops worldwide.

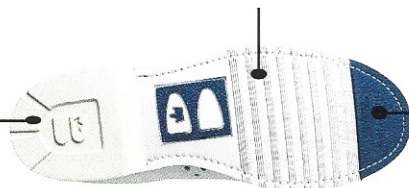

THE ZONE'S POWER PIVOT™ PUSH-OFF SOLE WITH DURATIP™.

The Zone's Power Pivot™ push-off sole.

Goodyear Indy 500® rubber for added traction on wood or synthetic approaches.

h5: standard raised rubber heel

Duratip™ Goodyear Indy 500® Plus Max rubber for durability and traction.
