Twelve throws. Maybe

it's a *Perfect* game. Maybe far from

perfect. Does it matter? **Hmmm.** Ask

Amleto Monacelli. Or Brian Voss. Ask

anyone trying to make a living at this.

Where a {nanosecond} of wrong axis

ROTATION

makes the difference. Between a \$40,000

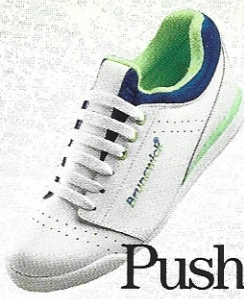

paycheck. Or a dirty towel. You bet it

matters. **Big.** Each roll. Equipment.

Timing. **CONSISTENCY.** Even style. It

matters. Pushin' TWO MILLION a year.

Throws, that is. Sometimes for

Sometimes for lunch money. Yeah, it

matters. From the inside. The heart. To

the outside. **The tools of the trade.** The lucky

shoes. The secret weapons. Gotta choose

RIGHT. And they choose Brunswick.

Twelve Pro Staff members. **Twelve**

winners. **Twelve** throws at a time. Tryin'

their best. Bowling the best. **Brunswick**

HE GUIDANCE SYSTEM FOR YOUR GAME.

StealthCore™ Technology.

It's a "window" inside each Phantom. Showing each ball's preferred axis of rotation. Each time. And it's programmable to your personal track and axis. Giving you unparalleled ball consistency and predictability.

Quick-Strike Bomber: StealthCore™ I concentrates more weight into the core, for decisive action. Mid-Range Bomber: StealthCore™ II also has a low moment of inertia – and a punishing strike. Back-End Bomber: StealthCore™ III has more weight near the high-gloss surface, for high-moment action and a devastating ground strike on the back-end.

OWLING'S BASHINGEST BRUTE IS BACK. AND BETTER.

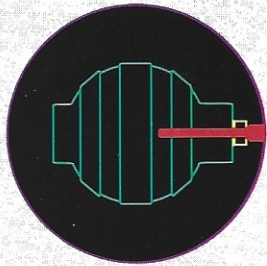

R h i n o ®

It's a rampage. Worldwide.

Introducing the new Rhino Pro. If you've ever rolled a Rhino, you'll want to throw a Pro. It's a two-piece monster. With a full 11 lbs. of urethane*. And two fantastic formulations. The *Black Rhino Pro's* dull cover for medium to oily lanes. The *Purple Rhino Pro's* medium-gloss cover for a wide range of conditions.

And the original Rhino is Brunswick's most popular 100% urethane ball in history. 'Cause it tames any lane. Improves any style: The *Cobalt Rhino* for heavy oil. The *Black Rhino* on medium to dry lanes. *Red Rhino* rules light oil and dry conditions. The *Black Pearl Rhino* for dry lanes.
