• It is recommended that the heel number be lower than the sole number. Because you brake with your heel, use a heel with more friction (a lower number) than the sole.

**PT3 insert:** Ribbed rubber traction design for standard slip resistance (Standard Traction)

**PT5 insert:** Smooth rubber traction design for least slip resistance to allow for "Shuffling" (Least Traction)

Protect and easily transport your bowling shoes, heels and soles with accessory bags by Brunswick. These attractive nylon carriers also allow for easy access to your footwear and slide pieces. Removable protective bags inside the main carrier keep your gear separate and ordered so you can retrieve what you need quickly and conveniently.
