BRING-IT HYBRID

We're ready to Smack Down our competition with the all new Bring-It coverstock! This hybrid cover will run over any medium to heavy condition with a strong mid-lane motion and great continuation.

SD MEDIUM RG CORE

The Smack Down core has a medium RG and a high differential. This core puts the tool in your hand to Smack Down any condition that gets in your way. The medium RG helps the Smack Down get further down the lane before the high differential kicks in for some awesome continuation!

WHAT TO EXPECT

Expect to possess the ability to do exactly what the name says... Smack Down! Medium to Oily conditions will not be able to stand up to you when you give them the Smack Down!
