

Stars & Strikes Forever

**GREAT BALL, GREAT VALUE and all for
a GREAT CAUSE!!!**

When you throw it, everybody wins! Columbia 300® is proud to partner with our urethane supplier, BASF®, to produce a superior performing ball at an extraordinary price. We have appropriately named this ball the SPIRIT™. The Spirit consists of a two-piece performance core and a reactive particle coverstock. From novice to avid league bowler, the Spirit will give “striking” results. Columbia 300 will donate \$1.50 for every Spirit sold to the

American Red Cross to assist victims affected by the September 11th tragedy. Catch the SPIRIT and help others.

Great ball, great value and all for a great cause!

The Spirit™ by Columbia 300® will provide outstanding hook and performance at an incredible value. This is due, in large part, to Columbia and BASF® working together to produce an inexpensive yet high performing coverstock, exclusively for the Spirit cause. The core has an Rg of 2.59 (15 lb.) and will create 3-5 inches of track flare. The Spirit is factory polished with a hook rating of 16; however, it can be sanded to greatly increase hook potential. The Spirit is sure to provide striking results on most common lane conditions, AND ALL FOR A GREAT CAUSE!!

TECHNICAL BALL INFORMATION

	Hook Rating (Beards of hook)	TEC Rating*	
		(End of Oil)	(End of Lane)
SPIRIT™	16	7	32

All balls were tested with the finish that comes from the factory.

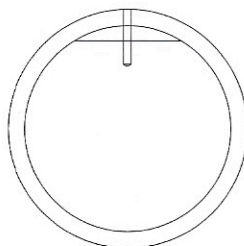

*TEC™ rating is the percent decrease in kinetic energy. The TEC rating is an indication of the energy transferred from kinetic (forward velocity) to rotational (hook). The higher the TEC rating, the more hook up to that area of the lane.

DYNAMIC PROPERTIES

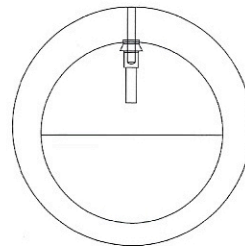

Weight	Rg	Differential Rg
16 lb.	2.534	0.041
15 lb.	2.590	0.030
14 lb.	2.660	0.016
