HIGH PERFORMANCE

NEW! CLASSIC ROCK™

This rock rolls! And it's got star power. We've designed our newest, hottest performer to triumph over most common lane conditions. With its specialized core, it rolls to the max. Classic Rock™ features our fantastic, new TEC²™ (patent pending) shell with microscopic particles that plow through oil for more hook. Terrific when you want to burst on the scene and knock 'em dead.

ROCK™ PEARL

Don't be fooled by its understated glamour. This TEC²™ knock-out breaks boundaries as the first pearlized ball to hook in medium to heavy oil and still maintain an impressive powerhouse of backend reaction. The secret's in our new TEC²™ coverstock, which incorporates an enhanced additive that grabs the lane.

CUDA™ 2000
Plum Pearl
#N37-51-XX (12-16 lbs.)

CUDA™ 2000

We've wrapped the Cuda™ 2000 with a new pearlized Holo-Flex™ shell, so it's primed for the kill. With a firm grip on the lane, it's more than ready to go the distance. We've also incorporated a flip block with our exclusive core-in-a-core technology for maximum backend snap. When the heads break down, simply move inside. Our Cuda™ 2000 tears down the lane and hooks back to the pocket. Dead on.

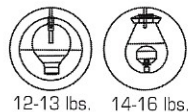

HOOK RATING 18

CUDA™/C 2000

A giant among Cudas! With a deadly combination of our original best-selling Cuda™/C core and a new pearlized Holo-Flex™ reactive shell, this monster's a terror on the lanes. It outperforms its Cuda kin, going farther and then gripping the lane. Even as the track dries up, the Cuda™/C 2000 displays masterful control of up-front energy to deliver more hook and power as it barrels through the pins. The force is with you.

PERFORMANCE

MESSENGER™ TEC
Blue/Red/Yellow
#N56-48-XX (12-16 lbs.)

MESSENGER™ TEC

The punch is in the mix. That's the success story behind our Messenger™ TEC. It teams up our crowd-pleasing Messenger Ti™ core with our super aggressive TEC™ shell. Suspended glass particles add traction to chew through oil. With plenty of high energy for a strong arc on the backend, it's headed to its destination. The message hits home.

PERFORMANCE

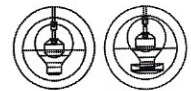

MESSENGER™ TITANIUM
Red/Blue
#M88-48-XX (12-16 lbs.)

MESSENGER™ TITANIUM

Pins quake when this seasoned warrior roars toward them. Armed with super performing core technology, it shows off a higher rate of rotation and more hook potential than any Messenger that came before it. The Super-Flex™ reactive coverstock produces a strong arc at break point with plenty of punch stored up for a potent backend reaction. The big surprise is its low price tag. No surprise that it's the hottest name in town.

PERFORMANCE

NEW COLOR!
MESSENGER™
 Nautical Blue
 #V20-10-XX (10-16 lbs.)

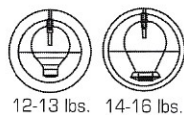

MESSENGER™

In new nautical blue, this Messenger™ sails. Its high-performance Super-Flex™ coverstock gives it greater hook and a sharper break point. In oily conditions, control just gets better with every throw because of its lane-gripping action. A masterful navigator.

MESSENGER™ PEARL

Our trusty Messenger™ Pearl gets a new yummy color to make its impression in high style. And with the able assistance of pearlized Super-Flex™ coverstock, it hums down the lane for the win. Its impeccably controlled break point when the track opens up stuns the competition. Performance drives the message.
