Hook (1-250)	165
Length (1-235)	150
Breakpoint (1-150)	110

Ball Motion	Finished with a Royal Shine Finish, the Diva Pearl skids easily through the front and mid-lane turning over hard on the backend providing a strong flip motion showing the pins who's boss. The Class 5F coverstock has just the right attitude on medium to light oil lane conditions.
Reaction Setup	The DV8 Diva Pearl can be drilled using the standard drilling techniques developed for bowling balls with symmetric cores.
Ball Maintenance	To reduce oil absorption and remove dirt from the surface of the ball, clean your ball with a cleaner designed for reactive bowling balls after each session.
Warranty Info	All DV8 bowling balls have been manufactured to the highest standards of workmanship and material in the bowling industry, and we warrant that they will be free of defects in materials and workmanship for a period of two years from the date of purchase.
