

# THE BUZZSAW STRIKES!

*Introducing the* **PEARL CHERRY BUZZSAW/C<sup>2</sup>**

The patented diamond shape bowls more 300's and 800's per ball, than any other shaped core.

Patent No. 5,238,235

The Pearl Cherry Buzzsaw/C<sup>2</sup> is the hardest hitting ball ever produced. Separating the 2 cerami mini diamond nuggets, increases the differential, producing more torque and back end reaction than ever before. With its pearlized Powercoil 18 coverstock, the Pearl Buzzsaw/C<sup>2</sup> turns the pins into sawdust.

Lane#1 uses a 16lb. ball weight block in their 15 and 14 lb. Buzzsaws, turning these lightweights into powersaws!!
