VIP ExJ SIGMA

MEDIUM OIL

Prepare to be blown away by the newest limited-edition release from MOTIV's VIP line, the VIP ExJ Sigma! Collaborating with Triple Crown winner EJ Tackett, the VIP ExJ Sigma features a pearl cover wrapped around EJ's favorite core, the Sigma core. Coupled with Dynamic Infusion Pearl Reactive cover stock technology, this fast revving, medium oil pearl is as versatile and dynamic as the bowler whose name it carries.

SIGMA™ WEIGHT BLOCK

This fast revving, medium differential core provides outstanding control and down lane arc with many drilling options to customize the ball motion for the bowler.

15# RG: 2.47 | 15# Diff: .047 | Flare: 5"+

DYNAMIC INFUSION™ PEARL REACTIVE

The Dynamic Infusion Pearl Reactive coverstock previously seen on the Sky Raptor, was slightly modified to be slightly stronger in the oil in order to create the motion EJ wanted to see from the VIP ExJ Sigma. This tweak gives bowlers more control of their ball motion while maintaining enough angle down lane to use the VIP ExJ Sigma when a low rg pearl is the right play. The pearl VIP ExJ Sigma makes a bold statement on and off the lanes.

5000 GRIT LSS FINISH

A 5000 grit LSS finish provides length through the front of the lanes, while proving plenty of traction for a strong motion on the backend.
