

A New Particle
Has Been Discovered...

DEADLY VIRUS

A New Virus has been discovered and it's Deadly! Our chemist's have analyzed this shell and found particles! The injection of these particles has added more overall hook in performance on oily conditions.

The core is the Virus, the cover stock is new, the performance is deadly. The cover is easily tunable and ready for action. This will be the ball of choice when the conditions demand a heavy hookin' oil ball. Don't fear the condition, use the Deadly Virus and attack the condition!

That Will Destroy
The Competition
On The Lanes.
