Reaction Characteristics

In the all new Rev UP series, Revolution Bowling engineers have combined superior technology used in our high performance line to produce a promotional reactive urethane masterpiece that puts the finishing touches on this all new line of urethane bowling balls.

The Rev UP ball has been designed and is perfect for medium to dry lane conditions and the entire spectrum of bowler styles.

Notes on Drilling

All weights of the Rev UP can be drilled using the techniques developed for two-piece balls. See the attached "Seven Popular Layouts" for detailed drilling information. Note: For this 3 piece ball treat the heavy spot as a combination heavy spot and pin.
