

What Are You **DOING** about today's lane conditions? *Here Are TWO Solutions*

ROTO STAR X-2
Rubber

The **Roto-Star X-2** is a custom made rubber bowling ball with special pre-selected cores for **Maximum Weight Distribution**.

Each core is selected by computer, eliminating mathematical guess work. The core is surrounded by high grade rubber then hand polished for maximum tracking characteristics. Thus making the **Roto-Star X-2** the best rubber bowling ball for today's *league lane conditions*.

ROTO-GRIP
Soft Polyester

The **Roto-Grip** bowling ball is the first and only soft polyester bowling ball with **Complete Weight Distribution**.

Each core is pre-selected and every ball hand weighed for **Superior Weight Distribution**.

The soft polyester shell is scientifically designed and hand polished for superior tracking capabilities. Thus making the **Roto-Grip** bowling ball the best soft polyester ball for today's *rigid tournament conditions*.

Take Your Choice and Swing The Kings

Roto-Star X-2 and **Roto-Grip** are the only two custom made balls with **Complete Weight Distribution**.

Complete Weight Distribution is the presence of Top Weight, Side Weight and Finger Weight contained in one bowling ball when drilled on center. With the presence of **Complete Weight Distribution** a bowler can obtain a strong rolling ball which will help to achieve optimum bowling results. Regardless of whether you throw a full roller or a semi-roller, **Complete Weight Distribution** is a must.

The **Roto-Star X-2** and **Roto-Grip** are available in 14, 15 and 16 lbs. with varying degrees of Top Weight, Side Weight and Finger Weight.

Both bowling balls are individually made for either right or left handed bowlers. Specify right or left hand to your Pro Shop dealer for proper weight distribution when being fitted.

Roto-Star X-2 and **Roto-Grip**, a masterpiece in design, created by a BOWLER for a BOWLER.

The **Roto-Star X-2** and **Roto-Grip** are guaranteed to meet All ABC specifications and are approved for use by the PBA on the 'Pro Tour'.
