

THE PREMIUM ADVANTAGE!

Urethane Bowling Balls

The Blue Pearl has a polished finish for maximum control on medium to dry lanes. The sanded finish of the Black Sanded gives consistent hook on medium to heavy oil.

Offer your customers Sports Tec's premium quality balls for less:

- Traditional three-piece construction with a pancake weight block and thick urethane shell delivers the strikes
- Pro-Line balls are available only at pro shops and bowling centers
- Competitively priced
- ABC/WIBC Approved
- Cleared for competition by the PBA
- Made in USA

NEW!

RACK ATTACK

The only three piece urethane ball designed especially for the average to above average bowler. Sports Technologies recognized that many average bowlers are using equipment that is beyond their capabilities and skill level. Rack Attack is the answer - a ball designed with a greater margin for error than any other urethane ball on the market.

- Especially formulated urethane
- Dynamic Balancing/core and ball
- Controlled hook in a wide variety of lane conditions
- Biggest urethane bargain on the market
- 77 to 79 hardness - performs well at various speeds
- ABC/WIBC Approved
- Cleared for competition by the PBA
