Columbia Industries, in its support of competitive bowling products, registers three brands with the PBA Tour. AMF300™, Columbia 300® and Track International® have DOMINATED the tour in a way that has not been seen in many years. Through the first half of the season there have been 32 qualifiers for the television finals. Columbia Industries made products have qualified for 17 of those 32. In addition, those same products have claimed 5 out of 8 titles. Six of the TOP 10 on the PBA's Points List are using Columbia Industries manufactured products exclusively.

Make sure you check out the latest and greatest from these 3 SUPER POWERS!
