

LIBERTY IS STANDING STRONG!

When we introduced the Liberty line this summer, we promised not to confuse bowlers and pro shops with a "ball-of-the-month club," and we have kept that promise. The Liberty line still gives you the freedom to choose a ball that fits your game—a ball that won't be discontinued the week after you buy it. And as for performance, just ask Patrick Healey Jr., who used a Liberty model to win the PBA Greater Kansas City Classic. That's the power of Liberty from AMF, where we always stand behind our promises.
