

MORE HOOK WHEN YOU NEED IT.

New Blue Angle.
It fills the gap in your game.

The Angle Line—urethane power for any lane condition.

The new Blue Urethane Angle is here. It's here with devastating power. It's here with its new ProSand™ surface for greater control...and to fill the gap in your game with more hook when you need it. It's here for the bowler

whose game has plateaued and is ready for a breakthrough. Imagine what your average would look like if you could get at least one more strike per game. Angle's new Blue—it's here for you at pro shops only.
