# ALL FOR ONE.

We decided to call it the Angle Plus.<sup>®</sup> Plus, because it hooks a few *plus* boards for virtually any bowler.

The new Angle Plus ball is superior because it skids when it's supposed to skid. Hooks when it's supposed to hook. And rolls explosively into the pins. The Plus Urethane Cover Stock, High-Density Balance Block and Maximum-Impact Core give you this extra hook and additional power.

The new Angle Plus from AMF. It's the one ball where the results are pleasing for all.

**AMF**  
**BOWLING TODAY. AMF LEADS THE WAY.**

*Members of the AMF Staff of Champions. L to R: Tom Baker, Cheryl Robinson, Joe Berardi, the Angle Plus Ball, Dick Weber, Brian Voss, and Pete Weber.*
