

The Whip strikes again, longer and stronger than ever with the special pin-punishing power of the Pearl!

WHIP PEARL

When it's time for a switch, pick up the new Whip Pearl—created especially to add length on drier conditions. With the same hard-driving dual torque blocks and high-revving Ceram-X™ technology of the original Whip, the same

incredible control—and even stronger flip. Get them both, and get ready for anything. The Whip and the Whip Pearl from AMF—taking versatility to a new level!
