102 S Industry DR Suite B Airway Heights, WA 99001

The Rekker Extreme™ is the BIGger, stronger version of the original Shim Rekker<sup>™</sup> featuring a brand new coverstock with some serious teeth. The low RG weight block still gives that conituous and predictable motion than the Shim<sup>™</sup> series of balls is already known for, but with the brand new E7.5 Reactive™ Solid cover this ball can control and provide some serious motion on medium to heavier volumes of oil.

Out of the box, this ball can tame the heavy oil anf smooth fresh conditions; add a little surface and see why this brand new coverstock is going to become a staple of the BIG Bowling™ arsenal.

The new Rekker Extreme™ is certain to turn heads as it wrecks the pins.

COLOR: Blood Red / Black

**COVERSTOCK**: E7.5 Reactive<sup>™</sup> Solid
