

# THE **HAMMER** BALL IMITATED <sup>®</sup> BUT NEVER DUPLICATED...

The Hammer has won more Professional and Amateur Tournaments than any other two-piece ball. In fact the Hammer has won more Tournaments than all other two-piece balls combined.

The Secret of the Hammer lies in our experience in fabricating a truly superior two-piece bowling ball.

The '89 PBA Winter Tour was dominated by Hammer balls. Pros use Hammers in the TV Finals & won more titles than any other ball. In the 1990 PBA Spring & Summer Tours, through the first 10 weeks Hammers have won more than any other ball.

Hammers are made to perform on all types of lanes from dry to oily. The Blue Hammer is designed for heavily oiled lanes,

while the Pink Hammer is made for dry lanes. The Original Black Hammer, Red Hammer and Pearl Hammers are designed for conditions in between.

Remember, when you want the power of a two-piece ball choose the proven performer, choose a Hammer.

*Nothing Strikes Like A Hammer!*
