2019-2020
BOWLING
CATALOG

A woman with her hair in a braid, wearing a black polo shirt and shorts, is shown from the back, looking over her shoulder. She is holding a red bowling ball in her right hand. The background is a bowling alley with lanes and pins visible.

ABS Hydraulic Drilling Machine

High Quality Researched, Developed, Manufactured and Constructed in Japan.

Made in Japan

World's First Increased grip capability with Hydraulic clamping! By holding the ball in a fixed position, the instability during drilling through different mass, and for double hole drilling is dramatically improved.

Increased Control Zero control can be adjusted easily with Laser Assist and minor adjustments to a drilling position (i.e. Grip Center).

Machine Characteristics

ABS Hydraulic Clamping System

Keeps the drill area free, with a tight hold

World's first hydraulic clamping system for bowling balls.

Instable ball clamps cause inaccurate drilling.

Unstable ball while drilling can result in a larger hole and a rough drill surface.

Hydraulic Clamping System

A smooth drilling, with a clean drill surface.

Laser Light Assist

Uses a LM Guide to assist the driller (assistance on x and y co-ordinates)

ABS Hydraulic Drilling Machine

- Quantity : 1 machine
- Size : H1751 × W650 × D850 (excluding drill-bit tray)
- Weight : 380kg
- Power Supply : AC100V
- Energy Consumption : 50Hz 30A, 60Hz 29A (Including 14A Vacuum)
- Accessories : Series of Drill Bits (Made in Japan) Drill Bit Removal Tool
Center Removal Tool Instruction Manual
Vacuum

Additional Options

Drill Bits (Made in Japan)

- Quantity : 1 Bit
- Sizes : 1 1/4", 1 1/8", 63/64", 31/32", 7/8"

Digital Scale System

Digitally display for forward/reverse, and left/right pitches and drill depth can be added.
Enabling for more precision in your drilling.
Scales can be set in inches, millimeters or fractions.
Fractions can be set displayed in 1/16, 1/32 and 1/64.
Parallel XY pitch and Z Pitch sensor + Magnetic Tape.
Please Note: This system can only be applied after calibration of the machine. It cannot be applied before shipment.

BALL CLINIC Bowling Ball Maintenance.

Our ball resurfacing machine, BALL CLINIC, will sand and polish balls to almost any surface the user wishes. A quick process which also removes the risk of uneven sanding. The embedded Ball Refresh full course, will remove ball track and scratches. The removal of scratches will depend on their depth.

Renewal!

Ball Maintenance with the ease of a Vending Machine

- Fully compatible with house balls.
- Cleans the surface of dulled balls.
- Attractive and appealing to bowlers.

ION POWER 2000

U/I : 1 Box (20L)

Cleaning Effect of strong alkaline ion water

Soap Effect

Alkaline ion water contains properties which help dissolve dirt, creating a detergent like effect on stubborn oil and debris.

Absorption and Osmotic Swelling Effects

The Strong alkaline ion water efficiently absorbs and pulls dirt and oil to the surface of the bowling ball.

Separation Effects

The negative ion in the alkaline ion water absorbs the positive ions in the oil and dirt; and separates the debris from the surface of the bowling ball.

Emulsion and Dispersion Effects

The strong alkaline ion water disperses and emulsifies the oil and dirt, for efficient cleaning.

ABS Plug Cutter

Light & Easy to use

POWER

- Quiet and powerful 4.4 AMP motor for improved performance. No load speed of 26,000 RPM for ultra-smooth cutting.
- Electronic speed control maintains constant speed under load.

COMFORT

- Simple and efficient base lock system securely fastens the base and increases productivity.
- Thumb roller for fine cutting depth adjustment.
- Ergonomic, slim (2-3/8") body style for comfort and control.
- Soft start feature for smooth start-ups.

ACCURATE

- Built-in shock-proof, high output, white L.E.D. light illuminates cutting edge and increases visibility with a bulb that never needs replacing throughout the life of the tool.

DURABILITY

- Tough Polycarbonate clear cover for long lasting protection.

Quick Release Clamp Vacuum Hose Adaptor Convenient Power Switch LED Lights

Kegel Lane Maintenance Machines & Chemicals

ISO 9001

ABS is the exclusive distributor for Kegel products in Japan and the largest worldwide.

KEGEL is the official USBC lane maintenance provider.

IKON High Tech Made Easy

FEATURES

- Sanction Technology™ Conditioning System with forward and reverse capabilities.
- The popular and easy to maintain DUO Transfer System enhances the smoothness of the pattern and allows for easy pattern changes.
- Patented Sprayless Cleaning System - No overspray in the gutters.
- The onboard PLC uses a 3.5 inch color touchscreen which makes it easy to monitor and adjust machine settings.
- The IKON PLC holds 15 patterns of your choice.
- Choose from 3 different size lithium batteries based upon your bowling center's needs or number of lanes ran per day.

TECHNICAL SPECIFICATIONS

- Packaging: One machine per crate
- Part Number:
17-5900 (115V/60 Hz)
17-5950 (230V/50 Hz)
- Weight without the battery: 330 lbs (149.7 Kg)
- Battery Specifications
158-1634 (Red) 25.6 Ah | 24 lbs (10.8 Kg) - Standard
158-1634BU (Orange) 38.4 Ah | 29 lbs (13.1 Kg) - Upgrade
158-1634CU (Yellow) 51.2 Ah | 39 lbs (17.6 Kg) - Upgrade

Batteries

- Each machine comes with our new K2 Energy® lithium battery.
- Upgrade to larger battery based on number of lanes conditioned per day.

* Factory upgrade. (must be installed at time of purchase)
** All FLEX Machines come standard with battery 158-1634.

158-1634**

CONDITIONING

- DUO conditioning system. (two pumps and two conditioner cartridges)
- DUO transfer system.
- Two pre-filled/refillable conditioner cartridges that allow for separate forward and reverse oiling.
- Ability to use two conditioners in one pass.
- Adjustable microliter streams. (per load setting)
- Conditions each lane in less than 90 seconds.
- Conditioner float switches with low level warning message.
- Board-to-board pattern control.
- "Oil Only" function.
- Touchscreen control of oil pump calibration.
- Measure conditioner volume before applying to lane.

TOUCHSCREEN/PLC

- Full color 5" touchscreen display.
- Three programs for both AM and PM.
- Stores 30 programs in memory.
- Test input/output menu option.
- Full detailed error messages with help screens.

CLEANING

- Squeegee cartridge for easy replacement of blades.
- Sprayless cleaning system.
- Ability to monitor and adjust cleaner output.
- Cleaner float switches with low level warning message.
- Large waste recovery tank. (50+ lanes before emptying)
- Duster/cleaning cloth waste roll on top for easy removal.
- Patented cushion roller wrap for better cleaning.
- Super quiet DC vacuum motor.
- "Clean Only" function.
- "Dust Only" function.
- Touchscreen control of cleaner pump calibration.

DRIVE

- Patented six variable drive speeds.
- Independent adjustable cleaning speed.
- Self-adjusting drive speeds.
- LED arrow for better operator positioning.

FLEX WALKER

- Zero Turn Radius lane to lane walking function.
- Auto-aligning lane whiskers.
- Smart processor auto-align memory.
- Object detection.
- Automatic burn pair.

KEGEL Chemical Lineup

Sanction Technology™ Lane Conditioners

Curve

U/I : 5 gallons (4 bottles/ 1.25 gal ea.)
 Viscosity : 41.0
 Surface Tention : 22.0 dyn/cm

Current

U/I : 5 gallons (4 bottles/ 1.25 gal ea.)
 Viscosity : 52.0
 Surface Tention : 23.3 dyn/cm

Fire

U/I : 5 gallons (4 bottles/ 1.25 gal ea.)
 Viscosity : 45.1
 Surface Tention : 23.6 dyn/cm

Ice

U/I : 5 gallons (4 bottles/ 1.25 gal ea.)
 Viscosity : 40.9
 Surface Tention : 23.2 dyn/cm

Sanction Technology™ Lane Conditioners

INFINITY LANE CONDITIONER

Infinity

U/I : 5 gallons (4 bottles/ 1.25 gal ea.)
 Viscosity : 36.5
 Surface Tention : 23.1 dyn/cm
 Features :
 Designed for maximum Durability. Best suited for High Linage Centers.

PRODIGY LANE CONDITIONER

Prodigy

U/I : 5 gallons (4 bottles/ 1.25 gal ea.)
 Viscosity : 31.2
 Surface Tention : 23.7 dyn/cm
 Features :
 Virtually eliminates ball calls and out of ranges. Back-end reaction that just won't go away.

Wick-pad Conditioner

Crossfire

U/I : 5 gallons (4 bottles/ 1.25 gal ea.)
 Viscosity : 24.1
 Surface Tention : 23.6 dyn/cm
 Features :
 Specifically formulated to optimize wick/pad flow. Works very well with all other wick/pad lane machines.

Lane Cleaners

DEFENSE-C

Defense-C

U/I : 5 gallons (2 bottles/ 2.5 gal ea.)
 Features : The most powerful cleaner on the market. For use on all types of Synthetic and Wood Lanes.

DEFENSE CX4S

Defense-CX4S

U/I : 1 gallons
 Features : Recommended for LOWER friction surfaces like most synthetic lanes. Provides a spotless lane and delivers stronger ball motion or extra "back-end kick".

Fizzion

U/I : 24 tablets/bag (5 bags/case = 120 tablets total)
 Features : Can be used in all lane machines. For use on all types of synthetic and wood lanes. Just drop the tablets into water for a perfect mix, every time

Discontinued item / limited stock

Lane Cloth

K2 Select

U/I : 4 rolls (43" × 60' per roll)

Coaching Tools

Specto is a new tracking system for centers, bowlers, and coaches. It records information about bowlers' shots using a high-power sensor and displays it to them on an easy-to-use app.

Simply order a Specto system and allow your bowlers to use your Specto Lanes. Your bowlers will easily be able to connect to the Specto app to view their stats, perform practice drills on their own, or compete in challenges with friends and bowlers worldwide. This fun tool can help bowlers improve and create a buzz in your center.

Specto Complete System - 157-8602 (115v/60Hz)
 Specto Complete System - 157-8602E (220v/50Hz)

KEGEL is excited to announce updates to the Specto bowling app including the new module Specto worlds: A new experience and environment for every bowler.

Coaching Tools

TORCH

One of the most difficult things for a bowler to do is visualize the ball path from the foul line to the breakpoint. From entry level bowlers to the most advanced, the Torch allows bowlers to see the initial path of the bowling ball like no other product before.

The Torch is a simple light targeting tool used to help with accuracy and alignment. Using LED lights, it reflects a path of light on the lane to help you select the correct launch angle and hit your target time after time. As the player moves left and right, the light will change its position showing you exactly where you should throw the ball.

The Torch was designed to explain the aiming process in a way that can be easily understood by everyone. From children, to beginning bowlers, to special needs bowlers, the Torch is an easy and fun way to quickly improve this important fundamental skill.

Torch Complete System - 157-8800 (115v/60Hz-220v/50Hz)
Optional Battery Upgrade - 157-8801

3D REFERENCE TOOL

The Arrow is a 3D Reference Tool that gives players a physical reference point to see when working on a variety of drills. Visualize your set-up position, pushaway, finish position and more! Compare your technique to something you can see and feel to train yourself quickly. This dynamic tool can take the place of many coaching aids.
