BLAZING
INFERNO

BURNIN' DOWN THE HOUSE.

Brunswick Blazing Inferno™

Parker Bohn knows the kind of performance it takes to burn down the house – and you will too with the new Blazing Inferno. The latest Inferno design, featuring Brunswick's Activator® Coverstock, includes a core weight-shift that heats up its RG dynamics. Blazing Inferno provides a better match-up when reduced traction in the heads or mid-lane is desired. Get ready to burn down the house with long-lasting ball reaction. Get ready for the Blazing Inferno.
