

Shock Zone Pro™ Punish the Pins.

An electrifying performer, providing better down-lane recovery and an increased entry angle into the pocket over other Proactives. The highest RG Max on a DTX Proactive coverstock and more skid/snap arc than most Proactives. Bridging the gap between Reactives and more aggressive, earlier arcing Proactives. That's Shock Zone Pro.

Sparks will fly. Coverstock: Proactive, DTX-3 . RG Max: 2.639 . RG Min: 2.591
RG Diff: 0.048 . RG Avg: 6.1 . Hook Potential: 115 . Length: 100 . Typical Breakpoint Shape: 75
