

GRAB EXTREME BY THE

We'll be blunt:
these balls are not for everyone.

Not for the rev-challenged.

Not for average players.

The new Zone X™ series is for the few.

Extreme people.

Those who take their sport to the edge.

Those who need a super-tuned
tour-type design.

Like the pros use.

For those who can handle it.

Not for everyone.

First Reactive. Then Proactive. Now, INTERACTIVE.
The new coverstock category designed for high RPM players to maximize performance. Combined with our exclusive X-Core, the Interactive XLr coverstock accelerates through the heads for the cleanest front-end in bowling. From ANY manufacturer.
