# BEDLAM VALUE PERFORMANCE

## SKID / FLIP

We're creating a little CHAOS with the new Columbia 300 Bedlam. This is the ball consumers have been asking us for - the one that gets back from anywhere! This is the biggest backending ball in the history of Columbia 300. Bedlam features a new asymmetric (.018) core as well as a new shell called Full Tilt 4.0. The combination is a "tweener's" dream - the ability to hook it with the big boys!
