

# OUT OF CHAOS COMES ORDER.

The difference between Mass Chaos™ and other balls is indeed striking. The large

polymer core contains a dense mass offset puck which acts as a third weight block, combined with our patented TEC™ coverstock to promote aggressive hooking and snap on the backend of the lane.

The result? Mass Chaos strikes with more explosive power in the pocket. Pins go down. Scores go up.

Want more order in your game? Order Mass Chaos today.
